What this guide is **about**

It's good to know where to turn if you ever need help or support. And it's important that the advice you receive is reliable and up to date.

This handy directory brings together the details of trusted organisations that can help you – either now or in the future.

We provide contact details for organisations across England, Wales and Northern Ireland in this guide. If you're in Scotland, contact Age Scotland for advice.

How Age UK can help

Age UK is the leading charity for older people. We are local, national and international – a network of independent charities all working in partnership to change how we age. Our network includes Age Cymru, Age NI, Age Scotland, Age International and around 115 local Age UK charities. We provide information and advice in publications like this one, on our website, and over the phone via the Age UK Advice Line.

We publish information guides and factsheets on a variety of topics – including social care, housing, benefits, legal affairs and health. Find these resources on our website at www.ageuk.org.uk/publications or call the Age UK Advice Line free on **0800 169 65 65** to order printed copies. Lines are open 8am–7pm, 365 days a year.

Age Cymru, Age NI and Age Scotland publish their own versions of some guides and factsheets. Contact them to request copies or visit their websites to read them online (see page 7).
