Pioneer Projects is a Creative Community Arts organisation and partnership leader that delivers impactful creative and wellbeing focused work across the Craven District of North Yorkshire.

We are looking for a confident, organised, and can-do individual, who understands the power of creativity to impact on individual and community wellbeing, especially for the most vulnerable.

You will need sound project management skills, the ability to support and inspire a small staff team and a real drive to deliver positive outcomes for those we support. You will also understand some of the challenges of delivering effective activity in a rural area and the need for good partnership working.

Responsible to the Strategic Director and working alongside the Operations Manager, you will be equally comfortable helping shape and deliver the organisation's Strategic agenda or mucking in on sessions and leading by example.
